PROFESSIONAL SUMMARY

Motivated Information Technology undergraduate at SLIIT with hands-on experience in front-end and full-stack development. Skilled in JavaScript, React.js, PHP, SQL, and Java, with a strong grasp of OOP, database design, and SDLC methodologies. Passionate about building scalable, user-focused web applications and contributing to agile software teams. Eager to grow as a Full Stack Developer, combining creativity and problem-solving to deliver high-quality code and seamless user experiences.

PROFESSIONAL SKILLS

- Communication.
- Self-Motivation.
- Time Management.
- Problem-solving.
- Teamwork.
- Adaptability.
- Object-oriented programming.
- Agile methodologies.

TECHNICAL SKILLS

- Programming: C, C++, Java, PHP, SQL.
- Web Development: HTML, CSS, JavaScript, React.js.
- Databases: MySQL, Microsoft SQL Server, MongoDB.
- Version Control: Git, GitHub.
- Tools & IDEs: VS Code, Eclipse, Canva, XAMPP, phpMyAdmin, Android Studio, Figma.
- Office Tools: MS Word, Excel, PowerPoint.
- Methodologies: Agile (Scrum), Waterfall, OOP Concepts, V-Model, Prototyping Model, SDLC.

PROFESSIONAL EXPERIENCE

Junior Developer – JALASHOKUDO (Japanese Food Website)

Sep 2024 - Apr 2025

- Designed and tested the chef's profile page to ensure mobile responsiveness and proper functionality.
- Developed and maintained web applications using JavaScript and PHP frameworks.
- Participated in Agile meetings, contributing to project planning, documented processes and project updates.
- Collaborated with other developers to create efficient solutions based on best practices.

Software Engineer Intern – Gills International

Jan 2026 - present

- Designed UI layouts and prototypes using Figma based on project requirements.
- Developed website features from scratch using modern web technologies.

Co-Founder – InfiCode Solutions

Jan 2026 - present

- Designed and developed a complete web solution from scratch based on client requirements.
- Successfully completed and delivered the first client project within the agreed timeline.
- Used Figma for UI/UX design and translated designs into a functional website.
- Coordinated development tasks and managed project milestones.
- Contributed to both technical development and business decision-making.

EDUCATION

BSc(Hons)inInformationTechnology Specializing Information Technology

SLIIT University | Oct 2023 – Present

Cumulative GPA: 2.65

ICASL Business School

Short Course on Creative Value Through Finance– Focus on business process optimization and financial efficiency (Sept 2022 to Oct 2022).

OKI International School (2005-2022)

Edexcel A/L (English Medium- 1B, 2C) – 2022.

Cambridge O/L (English Medium- 1B, 3C & 1D) - 2019

PROJECTS

- **Event Planning System (Java)**- contributed to the design and development of the Event Management System by implementing core service provider and admin modules, focusing on package management, service coordination, and user profile administration to ensure smooth system operations
- **Cafe billing POS system(MERN)**- developed and implemented the supplier management module, including dashboards, CRUD operations, supplier profiles, top suppliers overview, and PDF reporting.
- **BMI Calculator(JavaScript)**- JavaScript-based calculator to compute Body Mass Index. Built a simple interactive tool with validation for accurate results.
- **Tick-Bear(JavaScript)**- Web-based interactive project using JavaScript.
- **PathWise(Figma)**- Mobile app for career path guidance. Developed features such as CV builder, quizzes, and goal tracking, focusing on usability and user experience.
- **Portfolio Repository(Nextjs)**- Personal repository showcasing projects and practice work. Organized code and versions to highlight learning progress and technical growth.

CERTIFICATIONS

- **Python for Beginners** - University Of Moratuwa (Dec 2025)
- **MongoDB Skill** - CRUD Operations - MongoDB (Dec 2025)
- **Front-End Web Development** - University Of Moratuwa (Jan 2026)

LEADERSHIP & VOLUNTEERING EXPERIENCE

- Actively contributed to organizing and executing projects and events in a team-driven environment.
- Worked as an IGV B2B Team Member, supporting partner coordination and stakeholder communication.
- Served as Co-Facilitator for Summer Induction 26.27, assisting in planning and conducting induction sessions.
- Collaborated with cross-functional teams, strengthening teamwork and leadership skills.
- Developed strong communication, time management, and problem-solving abilities applicable to professional work environments.
- Gained experience working under deadlines in a fast-paced, goal-oriented organization.
